

## Dying Prayer of Young Lula Girl Suicide Breathes Spirit of Faith and Hope

### BIG DOINGS AT NORMAL SCHOOL

Enrollment Grows; Classes  
Meet Today; Faculty  
Ready for Work.

The enrollment for the summer term of the Normal has exceeded all expectations, the total enrollment at 10 a.m. being 813 and a steady stream of students is still coming in. The classification departments were kept busy until late yesterday and took up the work again early today. The enrollment at this date is heavier than it ever has been on the second day, according to a statement from the head of the enrollment department.

The first class meetings were held this morning, each being of 20 minute periods and the students given instructions for their term's work.

All the special instructors have arrived in the city and are on the job. Each department was opened today and those in charge are confident that in another day the classes will be running on schedule time.

The first assembly was held in the auditorium this morning, at which time all the faculty, both regular and extra, were introduced to the students. Each introduction was received with applause on the part of the students.

Dr. N. P. Patterson, pastor of the Presbyterian church, was present at the special assembly and took charge of the devotional exercises. A brief address was given the students and faculty by Rev. C. C. Morris, pastor of the First Baptist church.

It was announced at this assembly that all the ministers of the city would be invited to the Normal at 10 o'clock Thursday morning for the purpose of making their statements and announcements as to the religious activities in the city.

It was also inspiring to hear the hundreds of students gathered together for the first time, sing the popular songs under the direction of Miss Emma Kellar, head of the music department. Several songs were sung and they were all highly appreciated by those who heard and took part in them.

More rooms than have so far been needed have been listed and calls are being received every hour for students who are looking for rooms and board. The rush in the office has also continued with as much force as was experienced yesterday and from 8 to 10 faculty members are kept busy taking care of the requests made, answering questions, finding rooms and in other ways helping students who have had trouble in getting ready for the summer's work.

Prof. E. C. Wilson, head of the school library, stated this morning that all possible preparations had been made to care for the big summer business and that extra help had been employed. Those who will assist him this summer are Misses Bertha Featherston, Mabel Jones and Lassie Mae Bolton. New books and duplicates have been added to the already large supply for the use of students.

The physical education department under Miss Anna Jones is making preparations for the ladies of the school who wish to take a course in this work. Miss Johnnie Anderson will assist Miss Jones. Plans are being made to give the course in a manner that will benefit the students in teaching games and plays.

Manual training and mechanical drawing are being offered this summer under the direction of Prof. Hugh Norris, assisted by Mr. Cox of the Ada high school. Both boys and girls are being enrolled in this convention here.

(Continued on Page Eight)

### ELKS ROMP AT ARDMORE MEET

Hold Big Parade and Initiate Fifty New Lodge Members.

(By the Associated Press)

ARDMORE, May 24.—Today's activities of the Elks in state convention here included the election of officers and the selection of the next meeting place.

The parade featuring the two days meet was formed at one o'clock and included representatives from Oklahoma, Tulsa, Shawnee, Ada, Okmulgee and other cities over the state.

Fifty candidates were initiated immediately following the parade, in which they participated. They had been paraded through the principle streets dressed in grotesque costumes since early Monday morning.

The convention will conclude with a dance at Convention Hall tonight, and a barbecue at the Rod and Gun Club will be held at seven tonight.

### SILESIAN FRONTIER HAS BEEN CLOSED

Settlement of European Difficulties Foreseen by Officials.

(By the Associated Press)

PARIS, May 24.—Germany replied today to the French communication of yesterday on the Silesian situation, the reply declaring in effect that Germany had taken the most rigorous measures toward closing the frontier with Upper Silesia.

The German ambassador, Dr. Mayer, informed Premier Briand, that the German government had decided to close the Silesian frontier and oblige the volunteer corps to disband. After his call French official circles were optimistic regarding the Upper Silesian situation.

The promptness of the reply was considered a good augury of the disposition of the Berlin government to avoid trouble.

The appointment of Dr. Friedrich Rosen, the German ambassador to Holland, as foreign minister in the German cabinet, on the contrary produced a most unfavorable impression. The French foreign office regards Dr. Rosen as an inveterate enemy of France, owing to his attitude both before and since the Tangier incident, in which he played an important role.

New Crisis Created.

PARIS, May 24.—Fighting between Germany and Poles in Silesia has created a new crisis over the policies to be followed by the allied nations regarding that former province of Germany and it had a distinct influence on debates in the French chamber of deputies when it convened today.

The Silesian situation developed rapidly last night and demands for the occupation of the Ruhr region of Germany again were heard.

B. P. O. E. President

(By the Associated Press)

ARDMORE, May 24.—Charles Seymour of Bartlesville, was elected president of the state B. P. O. E. at the morning session of the state convention here today.

### LETTER FROM PRESIDENT LINSCHEID

Editor Ada Evening News,  
Ada, Oklahoma.

Dear Sir: On behalf of the East Central State Normal School I want to say through the columns of your paper that we are gratified beyond measure by the record breaking enrollment at East Central.

The student body during this summer session comes from every part of the district and from various portions of the state with a goodly sprinkling of students from other states. Many of these people are former students, but some are strangers, and I am asking that the citizenship of Ada join us in making these strangers feel that they are welcome here. It would be a very fine thing if all the regular students and all the friends of the institution here would make a special effort to cause these strangers to feel at home here.

It is an exceptional student body in more ways than one. Many are teachers; many others are high school graduates who are preparing to teach; others still are high school students who are working for advanced credits. The Normal School needs the support and good will of these people, and therefore, it is asking that the good people of Ada help us in retaining the good will and friendship of these folks; one of the most effective ways of securing their friendship and good will is to assist in providing comfortable rooms and good board at reasonable rates. I sincerely hope that no one will raise the rates for board and room because of the influx of strangers during this session.

Very sincerely,  
A. LINSCHEID, President.

"WOODSMEN, SPARE NOT A SINGLE BOUGH!"

### PRATT CONDEMNNS SOLONS' RECORD

Says Law Makers Misrepresented the Farmers Interests.

### Last Minute Telegraph

Against Ruhr Occupation.

(By the Associated Press)

PARIS, May 24.—Premier Briand questioned by a group of deputies before the meeting of the chamber today said there was no reason for occupation of the Ruhr region because the aspect of the Silesian question had been changed, and the Ruhr were occupied without the support of the allies it would be equivalent to abandoning the treaty of Versailles.

Mr. Pratt said it was his ambition to get a dormitory for the East Central Normal, but failed and saw one go to the negro school at Langston instead.

The special session of the eighth Oklahoma legislature which convened on April 25 and adjourned at 10:30 p.m. on May 21st, may well be forgotten by the progressive citizenship of this state, he continued. In point of service to the people as a whole, it was a miserable failure. It was noted in many instances by its lack of conception of its duty, as this term is usually understood. The farmer and the farmer's interests were deliberately butchered by the house when, for example, it killed the farmers' ware house bill, the bill for aid to rural and village schools, when it destroyed the bureau of rural school inspection, when it eliminated the marketing commission from the department of agriculture, when it cut the normal college appropriations to the vanishing point and then condemned the normals because they were not turning out more teachers, and adding to this list of crimes against the people, it refused to permit the establishment of rural high schools in order that the farmer boys and girls may be educated in part, at least, at home.

"My hobby was, among other things, to obtain a dormitory for East Central normal but to my utter disgust, I saw it turned down and a magnificent dormitory established for negro girls at Langston."

### HARRIS-PAYNE CO. OF DUNCAN IS BURGLARIZED

(By the Associated Press)  
DUNCAN, May 24.—Burglars last night robbed the Harris-Payne Dry Goods Company here of goods said to be worth five thousand dollars. Entrance was effected through a back window. Most of the goods taken consisted of silks. Boxes were found scattered on the floor and the stock thoroughly ransacked when the store was opened today. City and county officers have started a search for the robbers, but have found no trace of them.

### KIDNAPPED AND WHIPPED NAKED

Such Is Fate of a Dallas Man Accused of Assault.

(By the Associated Press)

DALLAS, Texas, May 24.—The whereabouts of John Moore, about 30, who was kidnapped from his home here last night and severely whipped by masked men, was not known today. He promised his captors he would start walking toward Grenade, Mississippi, before daybreak. Moore had just been released from jail under bond following his arrest Saturday, charged with a grave assault upon a 12-year-old girl.

Senator Johnson said he had conferred with a group of "neutral" citizens of the affected area and felt that an effort was necessary to fix the responsibility for the long time battle, on the Kentucky-West Virginia border. The senator, he said was able to establish the blame and to put it and the responsibility therefor exactly where it belonged.

Henry W. Grady Anniversary

(By the Associated Press)

ATLANTA, Ga., May 24.—On the 71st anniversary of his birth memorial services were held today for Henry W. Grady, newspaper editor and orator, whose writings and speeches in reconstruction days, both in the north and south, did much to clear away misunderstandings between the states. At the time of his death, in 1889, Mr. Grady was managing editor of the Atlanta Constitution.

NARROW ESCAPE FOR MANY WHEN RAY HOTEL BURNS

(By the Associated Press)

Dallas, Tex., May 24.—Several guests had narrow escapes from a fire which destroyed the Ray Hotel and damaged adjoining property here early today. The loss is estimated at five hundred thousand dollars.

Firemen said defective wiring caused the blaze. Five women were taken from the burning hotel by firemen. Guests saved only their night clothing.

### NOTICE

Mrs. E. S. Winget will present Mary D. Emory, high grade pupil in recital at First Methodist Church, Tuesday at 8:15 p.m. She will be assisted by Elizabeth Cain, violinist, Geraldine Hale, soprano and Zelina Chadd, reader.

### MODERN MARRIAGE A VULGAR THING

"Terrible Demoralization," Say Catholics in St. Louis Meeting.

(By the Associated Press)

St. Louis, Mo., May 24.—"Christian marriage" has been degraded to a "vulgar worldly thing," from which results, "a frightful and terrible demoralization of married life," declared a resolution adopted yesterday by the Women's Catholic League, an auxiliary of the Catholic Union of Missouri, in convention here.

"Marriage is growing to be legalized prostitution and the dignity of motherhood is ridiculed and despised," the resolution says. It asserts that the blessing of children once cherished as something sacred, is now regarded as a "street corner joke."

### OIL WELL FLOWING 150 BARRELS DAILY

Gas Pressure too Strong to use Pump; More Wells to be Drilled.

The Carter-Lowery-La Selle oil well in section 32-5 near Bebe is making from 100 to 150 barrels of oil daily. One of the 1000 barrel tanks is almost full. The pump is not in use, as the gas pressure is so strong that the valves on the pump refuse to work. With the pump working, it is the general belief of those familiar with the well that it would make anywhere from 150 to 300 barrels daily.

That developments will proceed during the next sixty days is the opinion of Mr. Carter of the syndicate. Operations will not be rushed, he says. Financial conditions, the low price of oil, high price of material and other causes which are delaying developments in all the proven fields will delay developments here. At the same time, several locations have been made and drilling on these will begin soon. Indications are now that from a half dozen to a dozen wells in that territory will be drilled in the next ninety days. After that time, if business conditions throughout the country have improved, the field will develop quickly.

"The present well is a good one," one of the oil men said. "With a well making more than 100 barrels a day without the use of the pumps, it is a good paying proposition. It would be a paying well at 30 barrels even. If the oil were a pipe line company could take it, it would bring around \$1.75 a barrel, due to the high grade.

"The line of development will probably be as follows: "A pipe line will be built to Ada and the oil shipped from this point later as more wells come in, some of the large pipeline companies will tap the field and the oil will go direct to the refineries."

### Penn. Bank Robbed.

NEW CASTLE, Pa., May 24.—Five armed men robbed the Union National bank here this afternoon. One sat in an automobile in front of the bank covering pedestrians with a revolver while three others held employees and officials of the bank at bay and the fifth jumped over the counter and filled a bag with money, all escaping in an automobile.

### \$10,000 FIRE LOSS AT HORSESHOE RANCH

A \$10,000 fire occurred on Horseshoe Ranch, twenty miles south of Ada, Monday. A large dairy barn, partially filled with hay, grain, and implements was a complete loss.

The origin of the fire has not been determined.

Horseshoe Ranch is the property of P. A. Norris of Ada. It is one of the most completely equipped farming and livestock units in the southwest. The dairy barn was scientifically constructed and was of immense size.

Notice Royal and Select Masons.

Ada Council No. 10 will meet this evening promptly at 8 o'clock for the purpose of work. All members urged to be present. Visitors cordially invited.—F. C. Sims, Secretary

### BEAUTIFUL LLOYD GIRL LAID TO REST

Mother and Father Attend Funeral of Their Baby Girl.

Beautiful twenty year old Virginian Lloyd, whose early death resulted from her own hands in Oklahoma City Sunday morning, now sleeps in the little cemetery at Francis. Disappointed in love, facing a future seemingly with no rays of light, her aged father believes she felt it was no longer worth while to make the struggle of life. The age-old problem of to be or not to be was answered in the negative and her soul was wafted back to the God who gave it. Judging from the prayer found in her little handbag, her friends believe she died with an appeal to the divine Being on her lips.

As the shadows of night stole over the land, the aged father and mother, broken by a grief almost too great to bear, rode through Ada and started on their lonely way to their little home at Lula, twenty miles to the southeast. There they are to end the remainder of their lives without the presence and comfort of their baby girl.

"She was our baby," the aged father said as he rehearsed the incidents preceding the tragedy. "She was at home a few days ago, cheerful and happy, more so than usual. She got a letter from a friend by the name of Denny, whom we all thought was either a single man or divorced. They were to be married about the first of June, so Virginia thought. In this letter she was advised that Denny was sick in a hospital at Dalhart, Texas, and was asked to go to him. She was continually talking about him and weeping now and then.

"She was a young girl and she said this man would be good to her, even if he was more than twice her age. She became worried when she got the letter and went to Oklahoma City, seemingly to meet Denny. We got a letter from her after that, stating that "Jack" was well and she was happy. Then, it seems she learned that he had a wife and two children. Her life was ruined, and she believed there was nothing for her to live for. In her agony, she simply gave up and took her own life."

The mother, whose gray hairs indicate sixty-nine years have been spent in trying to rear her seven daughters correctly, sat with bowed head and silently nursed her grief. Only now and then did she speak, and her words expressed her belief in her daughter as the pure, spotless girl figure who only a few years ago sat on her mother's knee.

"She came home to stay until she was to be married," sobbed the grief-stricken mother. She told us of her plans to be married and was happy."

Virginia was the youngest of seven daughters of Rev. J. W. Lloyd, a superannuated Methodist minister who lives near Lula, Oklahoma. The sisters are Mrs. Eugene Miller of Muskogee, Mrs. John Donono of Florence, Alabama, Mrs. M. J. Burris of Stonewall, Mrs. L. R. Jones of Goodwell, Miss Helen Lloyd of Oklahoma City and Miss Jennie Lind Lloyd of Ada.

"The facts of the tragedy so far as we know are exactly as given in the local newspapers," explained Mrs. Miller. "She left home when about eighteen and took business course in Oklahoma City. She later worked as a stenographer in the city. She met Denny while visiting Mrs. Jones at Goodwell."

Virginia was a religious girl, the aged minister explains. She was baptised when an infant and has shown a disposition to revere the things that are holy. In her handbag after death, the following prayer was found:

"Our Father, which is in Heaven! One Father and Mother, God of all harmoniously. Hallowed be thy name, Adorable One. Thy will be done on earth as it is in Heaven, as in Heaven so on earth. God is supreme

## Second "Speediest" Cruiser of Navy Is Launched at Tacoma

**Getting Home.**  
Getting home is best, I say!  
Though it's fun to go away,  
And there's pleasure in a trip  
Overland or on a ship,  
Taking you to splendors new,  
After all the journey's through,  
Makes no difference where you  
roam,  
There's no thrill like getting home.

Maybe with a thumping heart  
You look forward to the start,  
And you think you'll never get  
Quite enough of travel, yet  
After you have journey far  
Where the nation's wonders are,  
Soon you'll find you hunger for  
All the folks at home once more.

You may laugh and sing and shout  
As you wander, in and out,  
Meeting new friends everywhere,  
Seeing glories here and there,  
But these joys at last will pall,  
And you'll wish above it all  
For that happiest moment when  
You'll be starting home again.

—Edgar A. Guest.

**Faculty Entertain.**  
The members of the Normal Faculty entertained Mr. and Mrs. A. Linscheid at their home on South Francis avenue last evening with a surprise party and luncheon. This was done through the high appreciation for the efforts that Mr. Linscheid has put forth in the interest of the school.

A most delightful evening was spent in playing games, talking and having a good time in general. There were none present outside the faculty and they lost themselves in an evening of joy and fun. After having spent the evening thus, a delicious luncheon was served which consisted of hot rolls, tuna fish salad, coffee, potato chips and strawberries with cream. Mr. and Mrs. Linscheid are very grateful to the faculty for their appreciation and kindness.

Rev. R. C. Taylor left today for McAlester where he will attend a meeting of the executive committee of the board of missions. The church conference announced for tonight at the church will be postponed on account of his absence. The prayer services tonight will be conducted by Rev. Ed Brothers.

\*\*\*  
Mrs. W. K. Jenkins was visiting relatives in Oklahoma City this week.

\*\*\*  
Mrs. E. T. Burk has returned from a several days visit with her sister near Ft. Smith, Ark.

\*\*\*  
Miss Geneva Wilson was here this week visiting relatives and will return to her home at Mannsville tomorrow.

\*\*\*  
Mr. and Mrs. Fred Walker left yesterday afternoon for their home in Sherman after visiting here for a few days.

## NORMAL NOTES

The Home Economics club met Wednesday afternoon in regular business session.

A special chapel was held yesterday at which time the present condition was laid before the students.

Pres. Linscheid is planning to go to Tishomingo to address a teacher's meeting Friday and Saturday of this week.

The girls debating team are invited to meet the O. B. U. girls team of Shawnee here on the night of April 20.

Mr. Wilson was in Shawnee last Friday for the purpose of judging a debate between the Shawnee High school and Oklahoma City team.

Pres. Linscheid has been invited and has accepted to deliver the graduating addresses to ten high schools in the district during the month of May.

Mrs. A. Linscheid has returned from Prague where she spent a few days visiting her mother and other relatives.

The Normal faculty entertained Mr. and Mrs. A. Linscheid at their home on South Francis avenue Tuesday evening with a surprise party.

The Juniors are now at work on their play which they plan to give in the near future. The title of the play will be "The Arrival of Kitty."

The Treble Clef club are now practicing for a musical program which they will give soon. The club is making fine progress this term under the supervision of Miss Keller.

The new members of the Phi Beta sorority are observing Hell Week. There is a large number of

## Second "Speediest" Cruiser of Navy Is Launched at Tacoma

The U. S. S. Milwaukee leaving the ways, and Mrs. Rudolph Pfeil, Jr., who christened the ship.

The U. S. S. Milwaukee, second of the latest type of scout cruiser to be built by the U. S. navy, was launched recently at Tacoma, Wash. The Milwaukee and the Omaha, the first one launched, are the fleetest cruisers in the navy. Mrs. Rudolph Pfeil, Jr., of Milwaukee was chosen by the mayor of that city to christen the craft.

The girls who have to go through this awful experience.

Mr. Wilson will go to Tishomingo this week for the purpose of acting as judge and Mr. Molloy is to go to Shawnee for the same purpose.

Pres. Linscheid will go to Tulsa on April 22 for the purpose of judging a debate between the Tulsa University and Kingfisher College.

Dr. W. A. Brandenburg, president of the Pittsburg, Kansas State normal college, has consented to deliver the commencement address for the Normal graduating class here on May 18.

Miss Ana Perry, teacher in one of the country schools, was in the city last Saturday and while here visited the Normal. She was checking over some of her work which she will complete this term through correspondence.

Requests have been received and are being received every day for addresses to the various convention and meetings over the district by the Normal president and teachers. This is done especially by the teachers' associations.

The members of the Normal faculty are much in demand by the different teacher's associations of the district. They are called on to act as judges and directors in the athletic and literary contests of the counties.

The Home Economics class in the training school will go to the woods next Friday and have lunch there if the weather is favorable. The class is doing good work and are looking forward to this outing with pleasure.

Pres. Linscheid announced today that an unusually large amount of letters are being received concerning the summer school. He further stated that if the present outlook is not misleading the summer enrollment will exceed the 1000 mark. Students will enroll from every town in the district and it is expected that this term will be the best in history.

**A. P. Brown Store to Hold Get Acquainted Sale for New Manager**

The A. P. Brown store here is preparing to put on a "Get Acquainted Sale" which will begin April 7 and continue for ten days. The purpose of this sale is for the present new management, Mr. and Mrs. Wood Black, who have been in charge since the first of the month to get acquainted with the citizenship of Ada and this community.

They are new here and are anxious to get acquainted with all their customers.

Mr. Black bought out the interest of Mr. Pollock, former manager of the store here, and has charge of the store. His wife has arrived in the city and will have charge of the ladies ready-to-wear and other dry goods. They are both experienced in the dry goods lines and will carry a new line of goods as soon as the present stock is disposed of. The store will be remodeled and put in first class condition.

The purchaser of a stolen automobile even though an innocent party is not its owner, according to the supreme court of New York, and the car can be taken whenever found.

## Saddler Grocery Is Moving to New Home On East Main Street

The Saddler Grocery, which has been located on West Main street for several months, has now secured the building formerly occupied by the Purity Grocery and Market in the Business College block. Mr. Saddler who is owner and manager of the store, will continue in charge.

The new location is a much better one than was formerly occupied and is an advancement for the business. They will have a first class grocery store at this place and invite all their old customers and friends to come in and see them in their new home.

Read the want ads every day.

## Of Interest to Women

A prominent physician says that by far the largest number of women's ailments are not surgical ones that they are not caused by serious dispositions, or growths. Symptoms similar in character are often brought about by much simpler conditions. We therefore urge every woman who suffers from backache, headaches, bearing down pains, side ache, irregularities, nervous despondency, or weakness to give Lydia E. Pinkham's Vegetable Compound a trial. It acts as a natural restorative and often prevents more serious trouble. (14)

# MURDER STORY A REAL THRILLER

Killing of Pretty Young Society Woman a Sensational Crime.

(By the Associated Press)

KANSAS CITY, Mo. May 23.—The mysterious murder of Miss Florence Barton, pretty young society woman, and the charges against Denzel Chester have given Kansas City its most sensational crime case in a number of years.

The story embodies all the situations presented in a successful crime novel or "movie" thriller.

The motive for the murder is somewhat obscured. The murder scene was laid on a lonely country road late at night, and in the subsequent developments, private detectives; dictographs, underworld threats, a chase across the country arrest, posse recapture, alleged attempts at suicide by the prisoner and the unfathomed silence of the alleged murderer, troop along in bewildering fashion leading up to the trial. The final chapter is yet to be written by a jury.

Miss Florence Barton was shot to death shortly before midnight last October 2 on a lonely road about two and one-half miles southeast of Hillcrest Country Club, Howard R. Winter, Miss Barton's fiancee, with whom she was motorizing, was wounded in the arm. Winter was driving and stopped at the roadside to light a cigar, he says. Three men in another automobile drove alongside, and, according to Winter, one descended asking directions. Winter said he moved and the man opened fire. Then the bandit car sped away. Miss Barton was wounded fatally and died shortly afterward.

A number of robberies and other criminal acts had been reported near the scene of the murder by motorists.

The Barton murder was the climax of a long series of daring holdups and murders here and stirred the city. The police turned every effort toward the capture of the bandits and private detectives were employed by Miss Barton's father, a prominent business man.

The "underworld" of the city was combed and dictographs were secreted by detectives in haunts of "Dennie" Chester, as he was known to the police. Clues were obtained which led to a search for Chester.

Chester left town several days

after the murder. He was trailed through the west and arrested in Great Falls, Montana. A charge was placed against him and detectives sent to bring him back to Kansas City. A photograph of Chester in the police identification bureau was tentatively identified by Winter.

As the train carrying Chester back was pulling out of Broken Bow, Neb., shots were heard from the stateroom in which the prisoner was guarded. City Detective Beassey rushed out and cried to two other detectives in the party, who were playing cards, that his prisoner had dashed through the window. (This point was later disputed by counsel for Chester at the preliminary hearing when one of his attorneys indicated he would seek to prove that his client had been thrown from the train in an attempt to kill him. It was contended that it would be physically impossible for a man to jump through the heavy window glass—at least while a detective was guarding him.)

Posses scoured the Nebraska prairie but no trace of the fugitive could be found. It was rumored at the time that an attempt would be made by gunmen from Chicago to release Chester enroute to Kansas City and the theory was advanced that Chester's confederates had met him in an automobile and aided him to escape. The head of the detective agency employed in the case hurried to Nebraska in an airplane to assist in the search. However, three days later, Chester was found calmly tugging down a road near Oconto Neb., 22 miles from Broken Bow by the county sheriff and a veterinarian. Chester was hungry and suffering from exposure.

The prisoner was taken back to Broken Bow where it was alleged he attempted suicide by dashing his head against the bars of his cell. He appeared to be seriously injured and was brought into Kansas City in iron on a stretcher.

It was then that Chester began his baffling silence. Physicians, nevertheless, declared that Chester could talk.

His preliminary hearing was delayed from time to time because of his physical condition but he was taken in court several months ago when he was able to walk with the aid of crutches. The hearing brought a number of witnesses and thousands of spectators fought to get a glimpse of the prisoner each day he was brought to the court house.

The chief witness for the state was Howard Winter who confronted

Chester and identified him as the man who fired the shots which ended Miss Barton's life. Intimations were made at the trial by defense attorneys that Chester was being "framed."

Fred Roberts, known as one of Chester's pals and who was alleged to have been an occupant of the bandit car on the night Chester was alleged to have killed Miss Barton, has been formally charged with murder. The third member of the band has never been arrested. Throughout the whole affair Chester has communicated only by writing notes.

The Women's Auxiliary of the Presbyterian church, Divisions No. 1 will have a parcel post and cake sale Thursday afternoon, May 26 at the Hensler and Story Drug Store. You are cordially invited to come out and look over the articles that are for sale. 5-21-31d.

## TYRONE THE BEAUTIFUL NOW AN EMPTY SHELL

TYRONE, N. M., May 23.—Tyrone, queen of the mining camps of the state, built at a cost of \$3,000,000 and given an artistic atmosphere through the influence of Mrs. Cleveland H. Dodge, is an empty shell.

A few short months ago 4,500 men, women and children worked, lived and enjoyed life in what probably is the most beautiful mining camp in the world. Now the Phelps-Dodge corporation big copper mines are closed, there is no ore awaiting shipment, no means of livelihood remains, stores have been closed, inhabitants are leaving, the rail-

road has served notice that trains no longer will run.

Within a short time only a dozen men, left to guard the mines and their expensive machinery, will be left. Even the Phelps-Dodge corporation general store has closed and the entire stock has been shipped to Douglas.

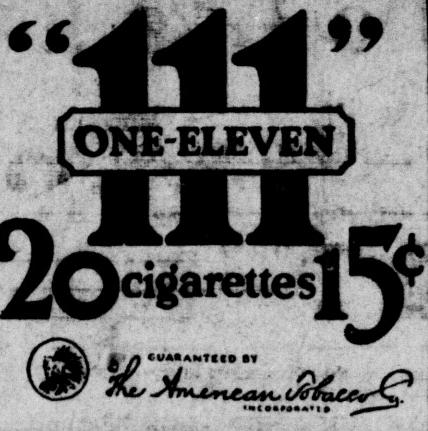

Tyrone boasts the most beautiful railroad station in the state, built by the mining corporation. Homes of miners are bungalows, not the usual shanty type of western mining camps. Company houses were not built of one type. They are all different. The camp was the pet of Mrs. Dodge and largely through her influence a Southern California type of building was carried out.

Closing of the town, however, is considered only a temporary measure, according to company officials, who point out that the shut down will continue as long as the copper

market remains in its present state of stagnation.

A hospital, theatre, library, elaborate school building and one of the best electric lighting and power plants in the state are among the town's attractions.

Chicago has adopted the train auditor system, and now she is employing secret agents to watch her police. But, Mirandy, who's going to watch the secret agent, and who's going to watch the fellow who is watching the secret agent while he is watching the police, etc., etc?

## See Oklahoma First.

Daily Oklahoman:

Nomads of the automobile are beginning to plan their cross-country vacation trips. Indications of it are seen both in the interest manifested in road routes and by the fact that cities all over the country are establishing tourists camps for these motor gypsies.

But, while you're planning that trip, Mr. Motorist, had you thought of "seeing Oklahoma first?"

Why spend several thousand dollars on a jaunt to California or the Great Lakes when you can motor to camp sites in the Wichita mountains, the Arbuckle of the Kiamichi hills for less than a hundred.

There are some historic spots in the Wichitas; there the first white men to penetrate the present state established camp, while tracing the meanderings of Red river toward its source. The Arbuckles are rich in beauty and mineral lore. Little river, in the Kiamichi hills is touted by fishermen as the most ideal outing place in the southwest country and, from a camping place there through the winding stain mountains past Robber's Roost, on north to old Ft. Gibson and up the Grand Verdigris river is strung some of the most fascinating scenery to be found in any land.

Education as well as entertainment is to be got from such a jaunt. Wholly aside from the new beauties to be found, knowledge is offered of military preparedness at Fort Sill, or wild life of the plains in the buffalo herds or the Wichita forest preserve, of ancient and valuable geological formations in the Arbuckles, of methods employed by Oklahoma farmers in raising your foodstuffs of production of oil and coal and lead and zinc.

There is something enchanting about a public highway. It's like making new acquaintances, to see mile upon mile of section line open up before your whirring motor, to dash 'round a sudden curve, dive into a wooded dell, then crawl out over a suspension bridge and gaze down into a rippling stream; it's worth all the worry and effort of wrestling with crippled tires and boiling radiators, even of picking your way over rockstrewn roads, if you can climb to the top of a picturesque hill, look out over deeply-shaded ravines, kaleidoscopic in their many-hued foliage, then drop into a cozy retreat in the valley provided with cool spring water for camp site. Try such an Oklahoma jaunt once and, having made such surprising acquaintances you'll want to return, next summer, to renew old friendships.

JAP NEWSPAPER PRAISES HARDING ADMINISTRATION

(By the Associated Press) TOKIO, April 1.—(Delayed)—Referring to the advent of the Republican administration into power and to the inaugural address of President Harding, the Chuo, a leading daily newspaper says: "Japan has been on friendly terms with the United States since the opening of the country. It is true that several questions are pending between Japan and the United States at present but none of them is of such a nature as to offer great difficulty in its solution. Although many alarmist reports are circulated regarding the relationship between the two countries they are mostly due to lack of real knowledge of the problems. There can be little doubt that the Harding administration will try to solve the pending questions with as much celerity as possible."

NUMBER OF DIVORCES ARE INCREASING IN LONDON

LONDON. May 7.—Divorces are increasing at a great rate here, and so, too, according to Judge Darling, are the "shyster methods" as they are sometimes termed in America, whereby some divorces are obtained. Judge Darling is one of the veterans of the bench who has recently had to tackle divorce cases, in addition to his regular judicial work, in order to cope with the growing demand for the untying of nuptial knots.

"We know perfectly well that an

## NERVOUS FAINTING SPELLS

Mrs. Werner Tells How They Yield to Lydia E. Pinkham's Vegetable Compound

Camden, N. J.—"Before my baby was born I was run down and weak, had pains in my back and stomach, was very nervous and would have fainting spells. I certainly suffered awfully with those nervous fainting spells. I did not know anyone at times and used to scream. A doctor treated me for the spells but did not seem to do much good. I had taken Lydia E. Pinkham's Vegetable Compound and Liver Pills before so I began taking them again. I soon felt a change and could do my work without pain and was cured of those nervous spells. Now I have a nice fat baby girl and had an easy time at birth, thanks to Lydia E. Pinkham's Vegetable Compound."—Mrs. WILLIAM C. WERNER, 1216 Van Hook St., Camden, N. J.

When a wife finds her energies are flagging, she is weak, nervous, suffers from backache, the "blues" she should build her system up at once by taking that standard woman's medicine, Lydia E. Pinkham's Vegetable Compound, as did Mrs. Werner.

If there is anything about your condition you do not understand write Lydia E. Pinkham Medicine Co., Lynn, Mass., in regard to your health.

enormous proportion of the undefended cases in the divorce court are merely collusive," said Judge Darling. "Men know as well as I do that those letters 'my dear billy, do return to your loving Kitty,' are composed in solicitors' offices. Everybody knows it, only it is presumed that the judge in the divorce court does not. Of course he does."

Judges who had retired are dragging back instead of being able to enjoy their old age in comfort because there are not enough judges to deal with these cases. And what wonder when people can come into the divorce court and treat it in this fashion?"

He added that what people looked for most in the newspapers were the likenesses of every adulterer who could be snapshoted coming out of the courts.

## TULSA SCOUTS PREPARE FOR SUMMER CAMPING TRIP

(By the Associated Press) TULSA, Okla., May 23.—With the coming of the season when the fish are waiting to swallow fat worms and fish hooks, Tulsa Boy Scouts are beginning to wonder where their annual camp will be held this year. For several years previous to this it has been held at Camp Tahlequah at the Y. M. C. A. camping ground.

Several sites closer to Tulsa are being considered this year for the location of a permanent camp where a hut can be built, and one that will be accessible the year round. Shell creek is an ideal location from this standpoint, it has been pointed out, as it is close enough for the boys to ride part way on the Sand Springs interurban car and hike the rest of the way for a week-end camp. Grand river, Verdigris river

and Spavinaw creek are also localities being considered. However, they are farther away than Shell creek.

As soon as a permanent site is selected one of the civic clubs has practically promised to donate \$1,000 for the construction of a club house.

Twenty young business men started a course of training this week to become Scout leaders. Approximately 500 boys are now waiting to get into the organization until leaders can be secured and trained. The civic clubs are taking the lead in this matter and assisting in finding young fellows who are willing to take up the word.

## "PHI-PHI" CLOSES VERY SUCCESSFUL PARIS RUN

PARIS, May 23.—With the disappearance of "Phi-Phi," a light musical comedy from the stage of the theatre Bouffes Parisiens, what is believed to be a record run here for consecutive performances was brought to a close. "Phi-Phi" was put on November 11, 1918, "Armistice Night," and was produced nine times a week regularly ever since with extra matinees on holidays, making a total of more than 1,200 performances up to the end of April when it was withdrawn.

Nine out of ten of the musical critics who viewed the show on opening night, pronounced it a failure and predicted that it would be taken off before the New Year 1919.

For \$285.00 you may obtain an Overland Four car. Balance easy payments. Emanuel Overland Co. 118 South Townsend, phone 60. 5-24-1td.

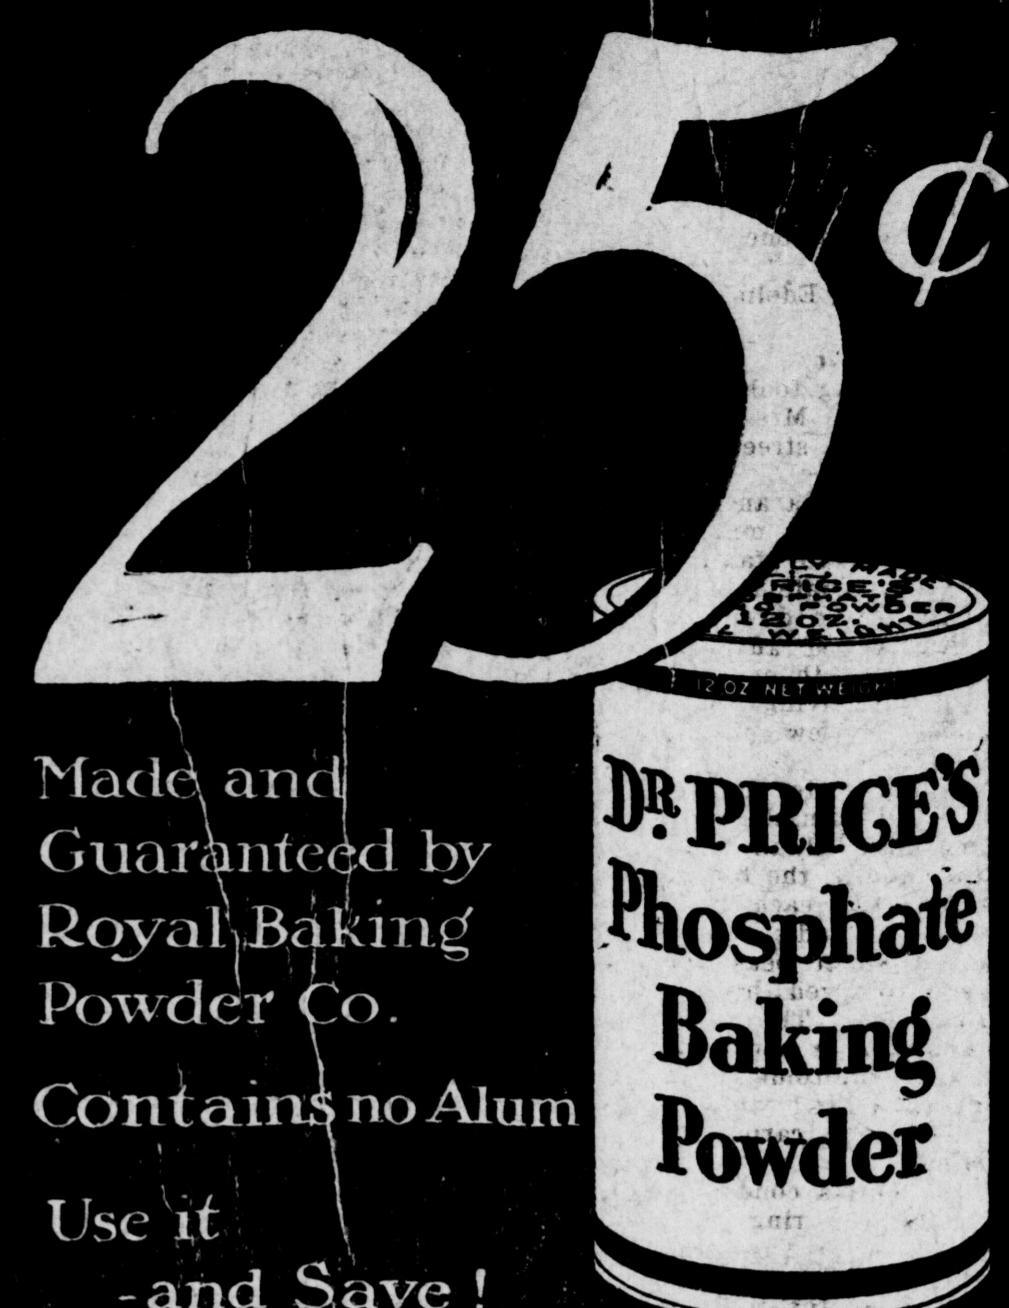

## E. E. ERICSON, WILL LEAVE OKLAHOMA SOON

Prof. E. E. Ericson, who was formerly at the head of the Manual Training Department in the East Central Normal, has accepted a position with the Manual Training Magazine at Peoria, Illinois, and he and Mrs. Ericson will move there this fall.

For the summer Mr. Ericson will teach in the University of West Virginia and Mrs. Ericson, formerly Miss Maurine Truitt of this place, will spend the time with her mother on the Pacific coast.

The position with the magazine is considered a desirable one, it is said, and the friends of the family in Ada are rejoicing over the merited recognition.

## In the Heart of the Town

Mr. and Mrs. Homer Stillwell report the arrival of a young lady at their home this week.

Miss Gladys Olson of Henryetta left today for her home at that place after spending several days in the city visiting.

Neal Pareley of Wetumka arrived in the city yesterday to spend a few days looking after business matters.

For \$285.00 you may obtain an Overland Four car. Balance easy payments. Emanuel Overland Co. 118 South Townsend, phone 60. 5-24-11d.

Frank Castle of Maud arrived in the city yesterday to take up his work in the summer Normal as teacher. He has a number of friends in Ada, having taught in the summer Normal last year.

Arch McDougal and family left yesterday for Holdenville where they will make their future home. Mr. McDougal has been connected with the Dunlap store while in Ada and will probably work for the same company at Holdenville.

John McKinney, who has been confined to his home for several weeks on account of an injured knee cap, was able to come downtown for the first time today. The knee cap was badly injured in a fall and has been slow in healing.

The bathing pool in Glenwood is nearing completion and it is expected that the opening will be in the very near future. Only a few finishing touches were to be made this week before it would be turned over to the city commissioners.

Herbert Hamilton son of Mr. and Mrs. A. N. Hamilton of East 8th, who has been attending the Christian College at Harper, Kansas, for the past school year, returned to his home here Sunday for the summer vacation. He had not been home since Christmas and his many friends and relatives are glad to see him again.

H. O. Tucker of Oklahoma City was in the city Monday and Tuesday of this week meeting old friends and looking up various business matters.

I am going to buy that new set of tires at the Ada Motor Co. 226 E. Main St. and save \$35.00. 5-21-3d.

Miss Jenning Hamilton of Roff was in the city this afternoon shopping. She will remain in the city until tomorrow visiting with friends of that city who are here to attend the summer Normal.

Have your summer frocks pleated or hemstitched. Buttons of all designs made to order. Ada Hemstitching Shop, 120 S. Broadway. 5-9-11t.

Mrs. H. D. Foster is reported to be very ill at her home today. She has been ill for several days and was little improved at the last report.

Wait for bargains at Country Store at pure food show at City Hall, June 6 to 11. 5-23-3d.

The sample room for traveling salesmen now located in the building with the Chamber of Commerce has been a busy place today. It has been crowded to capacity and sales men from all parts of the country have been here today and a few days of last week.

Have your baby at the Baby Show at the pure food show at City Hall, June 6 to 11. 5-23-3d.

Emerson is prepared to fix that leaky radiator and guarantee it.—Emerson Tin Shop, 405 E. Main, phone 669. 5-9-9&10-13&14-18 &19-23-24-27&28.

The ladies of Division 1 of the Women's Auxiliary of the Presbyterian church have announced that a parcel post and cake sale will be held at the Hensler and Story drug store Thursday afternoon of this week.

Did you ever see the like! A set of four 32-3 1/2 brand new Good-year Casings for \$65.00. We have a few sets consisting of Allweather and plain treads. Ada Motor Co. 226 E. Main St. 5-21-3d.

Mrs. L. O. Isner of Shawnee was in the City Monday transacting business matters. Her husband, who has been looking after business interests at Tupelo, joined her here Tuesday and they returned to their Shawnee home together.

Eighty-two establishments reported of which 62 expended \$71,003 in 1919 and 1920 in the installation of safety appliances, according to Claude E. Connally, state labor commissioner. More than 12,500 safety orders were issued during 1920, according to the commissioner.

"The state should afford or provide more money and more inspectors for safety work in factories and industrial plants as there are a large number of industrial injuries reported each month that could have been prevented with safety appliances," Mr. Connally said in making public the report.

It is added that the department has a large number of calls from employers and employees for information as to the best methods to safeguard machinery and these requests cannot receive the proper attention without an extended force of inspectors.

School Paper Make Big Run.

By the Associated Press

TULSA, May 24.—Getting out three extras a day was the stunt pulled off by the Tulsa high school journalism class during the annual school exhibit held in convention hall here this week. Under the supervision of their instructors, the fledgling reporters got out the news which appeared in extra editions during the day.

The domestic science department created the most comment in the exhibit as most of the visitors seemed to be more interested in things to eat than anything else. The parents of the high school girls and young men who visited the exhibit seemed anxious to know if the girls could really cook a meal that could be eaten. The instructors assured the curious that the girls are really accomplished to this extent and that the high school girl who goes through school now without learning how to make biscuits "like mother used to make" is the exception.

For the small sum of 60 cents you get a sure-shot remedy that quickly drives out all the malaria—and drives it away to stay! That's why so many leading physicians prescribe Swamp Chill Tonic as the best malaria remedy there is.

Swamp Chill Tonic contains no calomel. It is tasteless, easy to take and has no unpleasant after-effects. No purgative has to be taken with it—the medicine itself acts gently and agreeably upon the liver and bowels. Get well immediately, by getting a bottle of Swamp Chill Tonic today.

## SHORT NEWS STORIES

### ARTICLES OF INTEREST PICKED UP AROUND TOWN

#### Notice R. & S. M.

There will be a special assembly of the Ada Council No. 10 of Royal and Select Masons this evening at 7:30 o'clock for work. All Royal and Select Masons are cordially invited.

#### F. C. SIMS, Recorder

#### Deaths

MRS. MINNIE AARON died at her home near Egypt Monday after suffering for several days with pneumonia. She was 26 years of age. The funeral and burial services will be held at the Egypt cemetery Tuesday.

#### Work at Cemetery

A large number of scouts wept to the Rosedale cemetery today for the purpose of beautifying it and planting flowers. Cars were secured to carry the boys and their hoes and rakes, mowers and other implements from the City Hall to the cemetery where all engaged in cleaning it.

The ladies of the cemetery association were as good as their word and a swell feed was given them at noon. Other refreshments were also provided and the boys report a good time.

## INDUSTRIES FAVOR SAFETY APPLIANCES

#### (By the Associated Press)

OKLAHOMA CITY, Okla., May 24.—Reports to the state labor department as to the result of its campaign of safety appliance installation in the industrial factories of the state indicate that all of those canvassed, with the exception of one, favored such installation and offered cooperation with the state office in putting safety devices into their plants.

Eighty-two establishments reported of which 62 expended \$71,003 in 1919 and 1920 in the installation of safety appliances, according to Claude E. Connally, state labor commissioner. More than 12,500 safety orders were issued during 1920, according to the commissioner.

"The state should afford or provide more money and more inspectors for safety work in factories and industrial plants as there are a large number of industrial injuries reported each month that could have been prevented with safety appliances," Mr. Connally said in making public the report.

It is added that the department has a large number of calls from employers and employees for information as to the best methods to safeguard machinery and these requests cannot receive the proper attention without an extended force of inspectors.

**METHODISTS HOPE TO REACH HIGH GOAL**

OKLAHOMA CITY, May 24.—Thirty-three million dollars in cash or pledges, 3,000 pastors, 300 homes and foreign missionaries, hundreds of teachers and trained leaders in all forms of Christian education work—that's the goal of the campaign of the Methodist Episcopal church, south, which will open next Sunday, May 29, and last eight days.

A new college in Oklahoma, to be established at Tulsa, at a cost of more than \$1,000,000, and expansions in the ninety-one other schools and colleges owned and run by the Methodist church so that 50,000 more students may be enrolled in 1922 will be one of the direct results of the campaign.

The quota for Oklahoma is \$1,189,000 divided equally between the east and west Oklahoma conference. Every church in the state has been assigned its local quota and active committees have been at work for the last three weeks "lining up" the drive in every town and community. The funds are to be raised among Methodists only and one of the slogans is, "Not a member will escape."

Rev. R. E. L. Morgan, of Oklahoma City, is head of the movement in Oklahoma. W. C. Murray of Oklahoma City is financial director for west Oklahoma and J. I. Murray of Coalgate director for east Oklahoma.

During the campaign week state headquarters here, 501 Security building, will receive wire and telephone reports from every district in the state as to the progress made each day. It will also receive reports from other states.

It is possible that some state—maybe Oklahoma—will reach its goal Sunday night the 29th," Mr. Morgan said, "and if so the good news will be flashed to all parts of the state to be announced at that evening's regular services. And then there is likely to be some old time Methodist noise commonly known as the shout."

In view of the startling drop in price of beef cattle dealers are said to show a cowed expression.

**Summer School for Grade Students Was Opened Yesterday**

The summer term for the Ada grade school children was opened in the high school building Monday morning with 108 students reporting to the three teachers in charge. These students who have some work yet to complete before starting in a new class and the summer school is wholly for their benefit.

The school will be held five days each week and will continue for ten weeks this summer. Only the students in the various ward schools who are completing work in the 6a, 7a and 8a classes are permitted to attend this school. Study periods will continue from 8 a. m. until 12:30 each day and the pupils will have finished their days work before the hottest part of the day. This will also cause them to make only one trip to school each day instead of two.

Rev. R. E. L. Morgan, of Oklahoma City, is head of the movement in Oklahoma. W. C. Murray of Oklahoma City is financial director for west Oklahoma and J. I. Murray of Coalgate director for east Oklahoma.

During the campaign week state headquarters here, 501 Security building, will receive wire and telephone reports from every district in the state as to the progress made each day. It will also receive reports from other states.

It is possible that some state—maybe Oklahoma—will reach its goal Sunday night the 29th," Mr. Morgan said, "and if so the good news will be flashed to all parts of the state to be announced at that evening's regular services. ## Roff Has Many Advantages

## Prospects Bright for City in South Pontotoc

Roff Eagle. We have been having a number of inquiries from various parts of the country from people seeking a location, and believing Roff to be the very best place on earth to live we are herewith giving our view of the situation:

Roff is situated in the southeastern part of the Pontotoc county on the main line of the Frisco railroad. Its altitude is about 1300 feet the highest point on this line of the Frisco. We have a delightful climate with moderate winters. The summers are mild with cool nights. We have an abundant supply of pure water, containing a certain amount of mineral that make it both healthy and pleasant to taste, clear as crystal and pure as snow. Thus with our high altitude and good drinking water our people are blessed with good health, and happy and satisfied.

Agriculture and stock farming are the chief industries. With a light sandy loam, our land is very fertile, not requiring a great deal of cultivation to get the best results.

Anything that can be grown anywhere else can be grown here and the yield is always abundant. Roff offers splendid marketing facilities, thus, our farmers most of them owning their own farms, are prosperous.

Land around Roff sells from \$10 to \$75 per acre and its value will be increasing four fold when oil developments which are now in progress, have reached their proper stage. Drilling is now going on four miles west of town and prospects are good.

And, now, we come to Roff, the hub of this fine farming section. We are always profuse in praise of our town. With a population of 1,100 and increasing all the time Roff has a bright future lying just a short distance ahead. Our Chamber of Commerce is always reaching out for better things for Roff and never let an opportunity pass that will make Roff a better place to live. We have lots of good people here and room for many more.

We have three of the best gins to be found anywhere and they are always kept busy through the ginning

season. We have a Midget flour mill—can get our own corn and wheat, raised here, ground and made ready for use. We have an elevator, a cotton oil mill, up-to-date picture show with equipment that will average up with the very best to be found in the larger cities in the state, one that we are proud of, two good banks with \$55,000 capital, individual deposits last quarter amounted to \$326,866.73; a newspaper with Linotype, electrically equipped, two general merchandise stores, three exclusive dry goods stores, six exclusive groceries, two up-to-date drug stores, tailor shop, two barbershops, two variety stores, two shoe shops, electrically equipped, tin shop, three restaurants, hotel, meat market, hardware and furniture store, second-hand store, two doctors, one lawyer, real estate and insurance men galore, two lumber yards, city waterworks, twenty-four hour light service.

And last, but not least, we have the best school in the state, with accredited High school. We have a new High school building, completed last year at a cost of \$23,000, equipped for manual training and domestic art. Our school employs from 12 to 20 teachers, and just now we are closing one of the most successful school terms in the history of the school with nine graduating from the High school.

We have four churches, Baptist, Methodist, Progressive and non-Progressive Christians. They are all strong churches and great influence for good in our town, with live workers at their heads and they are all becoming stronger each year. We have a library, which is maintained by the Civic League. It is carried on in a systematic way that is very satisfactory to the public in general. The ladies of the league have almost enough money on hand to build a permanent home for the library and we understand the work of construction will begin sometime during the year.

There are lots of good things left that we might say for Roff and the Roff country, but will leave to the imagination. And those seeking a location will find it to their interest to investigate what Roff has to offer before investing elsewhere.

twine and ordering from the state factory."

OKLAHOMA CITY, Okla., May 21.—Oklahoma crops experienced the second week of growing weather since spring opened and have generally responded to the influence of favorable moisture and temperatures, says the weekly crop letter issued here today by the federal bureau of crop estimates co-operating with the state board of agriculture. Rains during the last weekend and the early part of this week meant a great deal to all crops, the letter says.

"The nights have been continued cool and there has been perhaps too much wind for the recent rainfall to remain of benefit very long," the summary says, "and although the small grains are not looking as well as they did on the first of the month, a certain amount of deterioration is usual during May."

Rains checked further deterioration of wheat because of firing, noticed particularly on tight lands, according to the letter. Rust has left many sections in a very poor condition, many stools showing but one bearing stem, it adds. The appearance of cheat is noted in some northeastern fields and damage from chinch bugs is reported in a number of counties.

"Corn made slow growth up to the time of the recent rains, but is growing well now, especially on sandy soils," continues the report.

"Most of the crop has been worked at least once. An inquiry among the grain men of the state gave a planted acreage somewhat lower than that of last year."

Cotton is coming up to a good stand and is making good growth with the advent of warm weather, the letter reports. There has been a tendency to plant seed of the better varieties. Oats are not doing so well, it is said, much of the crop being so small that it may have to be harvested with mowers. Greenbugs continue their activity on this crop, according to the summary.

"Those who did not mow their alfalfa early have recently cut it to rid the fields of weeds which had received a good start after the freezes checked the growth of the hay," continues the letter, and the second growth, now coming up, is not generally doing well. Broom corn, kafirs, milo, peanuts, Sudan grass, millet and melons are growing well."

"Cotton is coming up to good stand and is making good growth with the advent of warm weather. There has been a healthy tendency to plant seed of the better varieties."

"Those who did not mow their alfalfa early have recently cut it to rid the fields of weeds which had received a good start after the freezes checked the growth of the hay," the second growth generally is doing well.

Potatoes are now big enough to warrant digging for early messes. Sweet potatoes derived inestimable good from the rains early in the week.

Broom corn, kafirs, milo, peanuts, Sudan grass, millet and melons are growing well.

"There has been an increased sale of cream separators and also an added interest in permanent pastures. The rains revived the pastures which had become altogether too dry. Factories making woolen blankets advertise that they will make 5-pound blankets for \$5 or 8 pound pairs for \$6, double the weight of wool in the grease being required.

Farmers, the report concludes, are pooling orders for binder twine, and ordering from the state factory. Some communities offer a 5 cent bounty on raffails.

TAHLEQUAH.—The local chapter of the United Daughters of the Confederacy has completed arrangements for the dedication exercises June 6 of a monument to be erected on the public square in memory to General Stand Watie, Cherokee statesman and soldier.

## BIG DOINGS AT THE E. C. NORMAL SCHOOL

(Continued from Page 1) department and it was reported to-day that most of the classes had been filled.

Prof. R. S. Newcomb who has charge of the degree work, announced this morning that 27 students had been enrolled for degree work and that several of this number would receive their degrees at the end of the summer term. Courses for eight years, four high school and four college, are being offered this term, according to the announcement.

The Normal cafeteria in charge of Mrs. Alice Egan, has been opened for the summer and students will be able to secure meals there at any hour of the day.

Many applications have been made for the enrollment of small children in the training school. However nearly every available opening has been filled. Prof. R. R. Robinson, who has charge of training school, stated that it was larger than ever before.

## Facts About the Counties

Each day some facts will be printed about an Oklahoma county in their alphabetical order.

COTTON.—The county is located in the southwestern portion of the state bordering the Red river. It has a total area of 402,600 acres of which 290,657 are in farms and 169,276 in cultivation. More than 128,000 acres are devoted to pasture. The principal crop is wheat.

The surface of the county is generally level or rolling. Drainage is south into Red river. The soil is a rich sandy, chocolate loam and is very productive. Well water is generally used for domestic purposes, obtained at 40 feet. The rainfall is ample for agriculture.

Agriculture is the leading industry, with wheat the leading crop. Oil and gas is found in the northeastern portion and this industry, recently developed, promises to be a rich deposit for the county. Crops, rated according to their acreage are wheat, cotton, cane and oats. No timber is found in commercial quantities.

Rail facilities are fairly ample, although a road is badly needed running crosswise of the county. The highways are generally in good condition with prospects for hard surfaced roads in the near future.

The annual report of the county superintendent gives the number of schools in the county at 62. The five year average rainfall stands at 23.91 inches, distributed throughout the year.

## THE BANKERS OF OKLAHOMA HOLD FORTH IN CAPITOL

(By the Associated Press)

OKLAHOMA CITY, Okla., May 21.—Oklahoma crops experienced the second week of growing weather since spring opened and have generally responded to the influence of favorable moisture and temperatures, says the weekly crop letter issued here today by the federal bureau of crop estimates co-operating with the state board of agriculture. Rains during the last weekend and the early part of this week meant a great deal to all crops, the letter says.

"The nights have been continued cool and there has been perhaps too much wind for the recent rainfall to remain of benefit very long," the summary says, "and although the small grains are not looking as well as they did on the first of the month, a certain amount of deterioration is usual during May."

Rains checked further deterioration of wheat because of firing, noticed particularly on tight lands, according to the letter. Rust has left many sections in a very poor condition, many stools showing but one bearing stem, it adds. The appearance of cheat is noted in some northeastern fields and damage from chinch bugs is reported in a number of counties.

"Corn made slow growth up to the time of the recent rains, but is growing well now, especially on sandy soils," continues the report.

"Most of the crop has been worked at least once. An inquiry among the grain men of the state gave a planted acreage somewhat lower than that of last year."

Cotton is coming up to a good stand and is making good growth with the advent of warm weather, the letter reports. There has been a tendency to plant seed of the better varieties. Oats are not doing so well, it is said, much of the crop being so small that it may have to be harvested with mowers. Greenbugs continue their activity on this crop, according to the summary.

"Those who did not mow their alfalfa early have recently cut it to rid the fields of weeds which had received a good start after the freezes checked the growth of the hay," continues the letter, and the second growth, now coming up, is not generally doing well. Broom corn, kafirs, milo, peanuts, Sudan grass, millet and melons are growing well."

## RETAIL MEN WILL URGE ALIEN LAW

(By the Associated Press)

KANSAS CITY, Mo., May 23.—Resolutions urging federal legislation permitting the garnishment of government employees and barring aliens from engaging in business in the United States until after they have taken steps to become naturalized will be considered at the three day annual convention of the National Association of Retail Grocers, which begins here June 6. About 1,500 delegates are expected.

Business conditions affecting the distribution of food products and the part of the retailer in the general movement back to normalcy and lower prices will form the ground work of the convention discussions.

"We are very much alive and ready to defend the retail grocers from the scurrilous attacks upon this essentially necessary business," John A. Ulner of Toledo, president of the organization, declared in calling the meeting.

Proposed taxation will also come in for scrutiny by the grocers.

"At present there is a strong disposition in congress to repeal the excess profits tax and impose a turn-over tax of 1 per cent on all scales," said Frank B. Conolly of San Francisco, acting secretary.

"While our opposition to this tax has already been recorded," he said, "and assisted by others we caused a temporary halt, there is a growing sentiment in congress that a sales tax of some kind is essential, so it is absolutely necessary that we be in a position to protect the interests of our members, and if possible, secure amendments that will meet our objections."

"We are now endeavoring to secure enactment of a bill that provides for the garnishment of federal employees. At present they are exempt.

"We are also seeking the enactment

of a federal statute that will bar aliens from engaging in business

on their own account until after they have declared their intention of becoming citizens."

Few set speeches are scheduled

on the program, it was explained, to give individual grocers an opportunity to discuss their problems.

A number of entertainment features have been provided.

Dempsey May Take Recess in Training; Carpenter Continues

(By the Associated Press)

ATLANTIC CITY, N. J., May 24.—Jack Dempsey has progressed so rapidly in his training for his match with Georges Carpenter July 2 that Manager Jack Kerns contemplates giving the champion a week of absolute rest, probably the first week of June, it was announced today. This is in accord with the training Dempsey followed before his battle with Jess Willard at Toledo two years ago, when he suspended all training activities for six days because of the fear of growing stale.

Dempsey is in better condition and is tougher than ever before in his career. He weighed today 172 1/2 pounds, or just one half pound more than he will weigh when he enters the Jersey City arena.

Injustice Done Mooney?

SAN FRANCISCO, May 24.—The district attorney believes that an injustice was done in the conviction of Thomas J. Mooney, for a 1916 preparedness day bomb murder and will present to the governor evidence substantiating this belief that will compel him to act. Milton U'Ren, assistant district attorney said today in opposing a motion to release Mooney under common law pleading.

A police officer and another doctor testified that an examination

of the radiator in the room occupied by Judge Devereaux did not reveal blood marks. The hearing was continued until Wednesday afternoon.

NEW REAL ESTATE FIRM MAKES START

Ira Warlick, who for two years

was with the Lambard-Hart Loan company of Shawnee, has moved to Ada and formed a connection with John P. McKinley for handling real estate. This is to be a department of the local building and loan association, and the officers are in the Norris-Haney building on West Main

It is the intention of these men

to cater to home seekers.

Mr. Warlick comes to Ada with a

record of achievement behind him.

Mr. McKinley is already known as

a real estate man of ability.

MCALISTER.—A special election

has been called for May 31, submit-

ting to the tax payers the question

of issuance of 25-year bonds in the

sum of \$50,000, to extend and im-

prove the sewer system of the city.

## G. A. R.'S. IN 3 DAY MEET AT SHAWNEE

(By the Associated Press)

SHAWNEE, Okla., May 24.—The thirty-first annual encampment of the department of Oklahoma of the Grand Army of the Republic, opened a 3-day session here today with approximately 300 delegates and visitors in attendance. Representatives from a number of chapters of the G. A. R. had not arrived early today but had given advance notice that they would arrive later in the day or tonight and be prepared to open with the program tomorrow.

Today's program was to be chiefly turned over to the registration and housing of visitors and filing of credentials. Together with the delegates from the Oklahoma department of the Woman's Relief Corps, the registered attendance at the convention is expected to exceed 500.

Business sessions of the convention, which will get under way tomorrow, will be held in convention hall.

A feature of the program today, other than the formal opening of the convention, was a huge parade to be staged through the business section of the city, participated in by all representatives present. Floats have been planned and motor cars will carry those who are too infirm to march.

A committee on entertainment, under the general chairmanship of G. E. McKinnis, has prepared elaborate programs in this respect.

Addresses by prominent members of the order in Oklahoma and the Mississippi district are scheduled.
